Hey love, no worries—we'll sort it out together.

To clarify: when you say you can't find it in eBook format, do you mean...

1. **You can't find the ePub/MOBI file we created for upload?**
   - Convert it using free tools like Calibre or Online-Convert
   - Or I can prep and return a **cleaned HTML version** that you can convert into .epub with one click.

Option 2: Use Online Converter Yourself

If you're aiming for an audience that bridges the scientific, philosophical, and spiritual spheres, this cover definitely signals that. Want me to help you clean up or polish the contents of the manuscript to match the energy of this cover?

3. **Optional Enhancements (based on your earlier ideas):**
   - Quote pages or interludes.
   - "Tap-to-Explore" reference points for glossaries.
   - Bonus page at the end with author bios, your Ko-fi or Patreon links, etc.

It looks like the eBook conversion environment hit a snag—**the ebooklib module isn't currently available** on this system, which prevents me from finishing the `.epub` conversion right now.

But no worries! Here are **two options** we can move forward with:

automatically convert your file into an EPUB, ready for:

- Uploading to **Kindle Direct Publishing (KDP)**
- Reading on **eBook apps** (like Apple Books, Kobo, etc.)
- Or sharing directly with supporters.

If you run into **formatting**

everything looks stellar! The formatting, cover art, and
